PURCHASERS' INTERESTS ARE FURTHER JEOPARDIZED IN THE CONTRACTS USED IN THIS SUBDIVISION DUE TO A PROVISION THAT THE ENTIRE UNPAID BALANCE MAY BE DUE IF THE CONTRACT IS RECORDED.

2. PURCHASERS WILL BE REQUIRED TO DEVELOP THEIR OWN INDIVIDUAL SEWAGE SYSTEM ON A TEMPORARY BASIS, DUE TO UNFAVORABLE SOIL CONDITIONS, AND UNTIL AN ADEQUATE CENTRAL SEWAGE SYSTEM IS INSTALLED BY THE COMMUNITY SERVICES DISTRICT. THE SUBDIVIDER HAS AGREED TO THE PAYMENTS OF MONIES FOR INSTALLATION OF A COMMUNITY SEWER SYSTEM BY THE DISTRICT.

ADDITIONAL INFORMATION FOLLOWS IN NARRATIVE FORM:

LOCATION AND SIZE: In Imperial County on the west side of Salton Sea and the east side of Highway 99, at Dolphin and Marina Drive, approximately 30 miles southeast of Indio.

Approximately 160 acres divided into 398 parcels.

This report does not cover the following lots in Tract 550: Lot 1, 4 through 19 inclusive; Lots 22, 23, 26, 29, 30 and 31 of Block 17;

Lots 1 through 21 inclusive of Block 18;

Lots 1 through 12 inclusive of Block 19.

RESTRICTIONS AND OTHER MATTERS OF RECORD: Easements, conditions, reservations and restrictions that may run with the land including City or County zoning restrictions should be investigated by the Purchaser. Copies of those items which are recorded may be inspected at the office of the Imperial County Recorder. Information about zoning may be obtained at the office of the Imperial County Planning Commission.

All under-ground water in, under, or flowing through said land and water rights appurtenant thereto are being reserved by prior owners.

Title excepts all oil, gas, etc., minerals with the right to use so much of the surface of the land necessarily incident to mining, drilling, or otherwise developing such rights and as reserved in the patent from the State of California, dated December 6, 1951, Recorded in Book 832, Page 409 of Official Records. (Affects lands within boundaries of Section 18).

STREETS: have been offered for dedication for public use and have been accepted by the County.

FLOOD AND DRAINAGE: The subdivider's Engineer advises:

"There can be no possible damage from inundation from rising waters of Salton Sea due to the fact that the elevations in this tract are far above any level generally accepted to which the sea may rise.

"A portion of this tract is traversed by Palm Wash and Anza-Verde Wash, which carry drainage from a portion of the Santa Rosa Mountains west of this tract, and a sufficiently wide drainage easement has been set aside for the proper construction of channels to care for this flow, and upon the construction of these channels all lots in this tract will be reasonably free from flood hazards."

The Division of Real Estate has no engineering personnel to make independent judgments on the suitability of drainage arrangements. Purchasers should make further inquiry of the subdivider or local government officials.

WATER: The Coachella Valley County Water District has agreed to furnish water to each lot in this tract. This county water district may levy taxes to finance projects to install and maintain water systems within the district.

SEWAGE DISPOSAL: Soil conditions are not favorable for septic tanks and cesspools except on a temporary basis. This form of sewage disposal may not function properly as the area develops. Contracts have been entered into providing for the payment of certain monies by the subdividers to the Community Services District for the eventual installation of a community sewer system.

A community service district may levy assessments and have the sole and exclusive discretion as to time, location and design of the construction and installation of disposal treatment facilities which are to be installed.

The Division of Real Estate does not have engineering personnel to determine the requirements of such a system or the costs involved. There is no assurance as to when or if each and every lot in this subdivision will receive the services of a sewage system.

DESERT WIND AND RAINS: Heavy winds blow from time to time in all desert regions in California, and this may or may not prove detrimental to this subdivision. During certain periods of the year heavy rains may occur in desert regions of California.

IN ADDITION TO THE ABOVE, THIS SUBDIVIDER ADVISES REGARDING FOLLOWING ITEMS:

PURCHASE MONEY HANDLING: The subdivider has certified he will impound all funds received from each purchaser in an escrow depository or trust account at Bank of America, Azusa branch, ONLY UNTIL the contract is executed and delivered to the purchaser, excepting for such amounts as the subdivider may properly cover by furnishing a bond to the State of California. (Ref. Sections 11013, 11013.4(a), 11013.4(b), Business and Professions Code.)

CONTRACTS OF SALE: In addition to the Special Notes on Contracts on Page 1, the contracts used require written consent of the seller to transfer the contract, and a provision that all money paid in and all rights are forfeited by the buyer if he does not comply with the terms of the contract. Prospective purchasers should read and understand the contract before signing same.

Subdivider advises a deed will be issued, upon request of any purchaser, at such time as one-third of the principal balance has been paid on the contract of sale.

UTILITIES: Electricity and telephone lines have been brought into the area. The subdivider's firm has agreed to extension of power lines to any lot, without extension costs to purchasers, where approval for construction and necessary construction permits have been received by the purchaser. No public gas lines to the area are available.

ELECTRICITY: Imperial Irrigation District.

GAS: Indio Gas Company (Bottled gas only).

TELEPHONE: California Water and Telephone Company.

Note: Contact the above companies regarding extension rules and regulations, service connections and costs involved.

FIRE PROTECTION: The Salton Community Services District has agreed to furnish fire protection through the West Shores Volunteer Fire Department. Subdivider has agreed to install fire hydrants at 800-foot intervals.

MISCELLANEOUS: It is approximately:

30 miles to the high school;
15 miles to the grammar school;
30 miles to Indio for complete shopping facilities.

School bus service is available to both schools. Available public transportation consists of bus at Highway 99 and Marina Drive, which is a flag stop.
