**SALTON COMMUNITY SERVICES DISTRICT
BOARD OF DIRECTORS MEETING**

June 15, 2022

Item 16.A.

June 15, 2022

TO: Board of Directors

FROM: David Dale, PE – Interim General Manager

SUBJECT: Public Hearing: Salton Community Services District 2022-2023 Tax Roll Billing, the new adjusted rate schedule on commercial, residential, and roll-off services and opt-out program.

RECOMMENDED ACTION:

Consider Resolution 2022-06-15: A resolution of the board of directors of the Salton Community Services District approving the 2022-2023 parcel fees on land located in the district to provide for the collection of solid waste generated from residential use of such parcels and approval of the District opt-out program.

ITEM EXPLANATION:

The District entered into an exclusive franchise agreement with Burrtec Waste and Recycling Services, LLC to provide solid waste and recycling Services to the community.

The agreement allows for a cost adjustment based on the Consumer Price Index (CPI) from 2% up to 5%. The CPI for last fiscal year was 8.592%; however, since the agreement limits the cost adjustment to 5% - this is the percentage increase being requested for FY 2022-23 for residential and commercial customers.

The current monthly residential rate is \$26.01 for residents who opt out of the tax roll assessment and pay directly. Those residents who pay through the tax rolls pay \$1.00 less for a total of \$25.01.

The proposed rate adjustment for residential rates would result in a monthly fee of \$27.07 for residents paying directly, and a monthly fee of \$26.02 for residents paying through the tax rolls.

The District has been requested to adopt the attached resolution to collect solid waste rates on the tax roll for the general taxes and the new adjusted rate schedule on commercial, residential, and roll-off services and opt-out program.

The establishment of parcel fee amounts for 2022-2023 for services rendered in the normal collection, removal and disposal of solid waste by the Contractor under the Franchise Agreement

shall be collected from the owner of each property in the District improved with residential premises, unless the owner has been approved by General Manager by the Opt-Out Program.

A report has been prepared with the description of each parcel of real property receiving these services and the amount of the charge for each parcel for the 2022-2023 tax year. This report is on file with the Salton Community Services District Board Secretary and is attached to the proposed resolution. By approving the proposed resolution, Board would be authorizing the Salton Community Services District to collect solid waste rates on the tax roll in the same manner and at the same time as the general taxes.

Burrtec Waste & Recycling has provided solid waste and recycling services to the community for many years and has participated in community clean-up events. Burrtec has also provided programs that help the community meet compliance regulations and helped educate residents and the business community regarding environmental concerns.

FISCAL IMPACT

Salton Community Services General Fund: The District receives a 5% administration fee on the total fees collected for solid waste. Besides the 5% administration fee, the solid waste fees are a “pass-through”. Funds received from the County tax rolls are forwarded to the trash services provider.

APPROVED Opt-Out PERMITS EXPIRE ANNUALLY AND MUST REAPPLY EACH YEAR PRIOR TO MAY 31ST.

REQUIREMENTS

Please submit the following

- A photo or narrative description of all bins, carts, roll off boxes and other containers to be used for trash containment.
- A description of all transport and disposal equipment to be used for the transport of solid waste and specify destination of disposal site and frequency of disposal.
- A narrative description of your existing or proposed recycling program, demonstrating that 50% or more of the solid waste generated on your property will be recycled.

As a self-hauler, you are only permitted to collect, transport and dispose of solid waste generated by and upon property owned, operated or controlled by you. Except as specifically authorized by the Community Services District, self-haulers are not permitted to share, place solid waste in, or otherwise use the bin, cart, roll off box, or other container of another person or business.

Per the Community Services District, self-hauling activities may not be undertaken as a commercial enterprise. Self-haulers must rent or purchase all equipment, including containers and collection and transportation equipment, at a fair market value. A self-hauler may utilize its own employees to undertake self-hauling activities, but under no circumstance may a self-hauler utilize an independent contractor for waste disposal services other than the contractor with whom the Community Services District has entered into an exclusive franchise agreement.

RECYCLING

With adoption of Assembly Bill 939 the State of California mandates that 50% or more of all solid waste is diverted from landfills and is recycled. Upon approval of your recycling plan, please submit to the Community Services office, copies of receipts demonstrating that you have effectively recycled recyclable materials to the extent and in the manner required by state law. Receipts are required quarterly as follows:

For the Period:	Disposal Receipts Submitted by:

January 1 – March 31	April 15
April 1 – June 30	July 15

PER REQUIREMENTS ESTABLISHED BY THE DISTRICT, THE COMMUNITY SERVICES DISTRICT MAY REQUIRE MORE FREQUENT SUBMITTAL OF RECEIPTS OR ADDITIONAL INFORMATION TO ENSURE PROTECTION OF THE PUBLIC HEALTH, SAFETY AND WELFARE.

CONTAINERS

Each self-hauler shall either own or rent the bins, carts, roll off boxes or other solid waste disposal containers and they must conform to industry standards for solid waste disposal and must be approved by the Community Services District in writing prior to approval of a self-hauler registration. In addition, containers must comply with the following requirements:

- Refuse carts must be uniform, and a different color (not merely a different color lid) from recycling carts;
- All containers must be maintained in good repair;
- All containers must be maintained in a sealed, watertight condition;
- Self-haulers shall remove any graffiti that appears on containers within 24 hours after becoming aware of it.

COLLECTION AND TRANSPORT EQUIPMENT

Collection and transport equipment, including but not limited to transport trucks and vehicles, shall comply with those requirements set forth by the District, which states:

- Every truck used for collection or transportation of solid waste shall be maintained in a clean and sanitary condition, neatly and uniformly painted, and shall carry a shovel, broom and fire extinguisher.
- No vehicle shall be utilized if it is leaking brake, hydraulic, or other fluids, and a contractor or any self-hauler shall clean up any leaks or spills from vehicles. No fluids shall be washed into storm drains, City streets, flood channels, basins, or public rights-of-way at any time. All solid waste collection vehicles must be equipped with absorbent for such cleanup efforts.
- Self-hauler shall furnish the District with a written inventory of all equipment, including collection vehicles and containers, used in solid waste disposal activities.
- Collection and transport equipment utilized by a self-hauler must be approved by the District in writing prior to issuance of a self-hauler registration.

COLLECTION FREQUENCY

Upon application to the City for a self-hauler permit, the District shall determine how frequently solid waste must be collected, transported and disposed from the subject premises. This determination shall be based upon the nature of the premises, the type of solid waste generated by the premises, and the collection capacity of the self-hauler as demonstrated by information in the application.
