# Serving the West Shores of the Fabulous Salton Sea

# Field Foreman Oracio Lemus

Employees have continued to perform their daily routine:

- Hour reading and checking conditions of stations
- Making sure that red high-level light and alarm systems are functioning properly.
- PH and DO reading at ponds
- First week of the month grab samples are sent to the lab
- Continue checking and working on the three facility (ponds) TRC, Lansing and Desert Shores. (Deweeding, cleaning aerators, open and closing ponds to direct flow.)
- 65 Dig Alert were marked for utility break prevention

#### Incident:

On December 9, employees discovered a pressure line break. Sewage was just coming out of the ground when they drove by. An emergency dig alert was created and a plan of action to repair the pressure line took place as well.

December 16, at Lansing Ponds we also had a break between two set of ponds. Employees took action to repair the line.

On December 26, a gravity line had a blockage that cause to hold and eventually sewage worked its way out to above ground. Once again employees took action by jetting the line to release the blockage. After several attempts they found pieces of clay pipe coming out of the line and proceeded to create an emergency dig alert to excavate and fix the problem.

During the time that some employees were working at the dig others were drafting sewage to stop the spill. Station #16 also on that day stopped working. After troubleshooting the station, we decided to install the trash pump. After having the trash pump running it had a gagger as well. With the help from our mechanic the clog was remove.

# **General Managers Report**

## December 2024

**Emmanuel Ramos** 

- 1) On December 2<sup>nd</sup>, 2024, Israel Hernandez and his staff from Imperial County Air Pollution District came down to the office to distribute the air purifiers to the members who applied for a purifier. The turnout for that event was well attended.
- 2) On December 12, 2024, we held a Christmas event for the community where Santa Claus came to Salton City to hand out toys to the children. We would like to thank Imperial County and Burrtec for donating funds. And we would like to thank the staff who helped out of the kindness of their heart to make things possible.
- 3) On December 15, 2024, we held our first workshop for the Salton City Park Grant to discuss what projects can be done with the grant. We ask the community what they would like to see in our parks as we are getting ready to create a master plan for both parks.
- 4) On December 23, 2024, we submitted Form 200 as requested by The California Regional Water Quality Control Board to update them on the Waste Discharge Requirements (WDR) For the Salton Community Services District Desert Shores Wastewater Treatment Plant. It is part of a statewide program to periodically review and update the Waste Discharge Requirements (WDR) to incorporate any changes in ownership or operations. When we submitted Form 200, we informed them that there were no changes to the Desert Shores wastewater treatment plant.
- 5) Starting December 24, 2024, through the beginning of the year due to unforeseen circumstances we encounter some issues with Stations 7, 8, 10, and 16. The Pressure line at station 16 broke. CVWD had a water break causing the water to enter one of our manholes overwhelming the pumps at station 16 causing the pumps to fail. the pumps ran for 14 hours straight which is 20 times more than the average running time. During this time, we needed to rent shoring for the Lansing Pond due to a pressure line brake so the shoring was used to comply with OSHA regulations and for the safety of the employees. I want to thank the Sewer Crew for making themselves available during their holidays and on their days off.

MEETING DATE: January 15, 2025 Item number: 14 A.

SUBJECT: AUTHORIZE TWO GORMAN RUPP PUMPS FOR

REPLACEMENTS.

**DATE: JANUARY 9, 2025** 

FROM: SEWER DEPARTMENT

PRESENTATION: EMMANUEL RAMOS, GENERAL MANAGER

FOR FURTHER INFORMATION CONTACT: EMMANUEL RAMOS,

**GENERAL MANAGER** 

# **RECOMMENDATIONS:**

Staff recommends that the Board of Directors authorize the General Manager to proceed with the acquisition of Gorman Rupp Pumps. This procurement aims to replace the pump currently in use at Station 8 and to secure a backup unit for addressing any unforeseen challenges that may arise in the future. The purchase will be sourced from Swains Electric Motor Service. Not to exceed \$30,000.00 for 2 pumps.

# **BACKGROUND:**

We have established a productive partnership with Swains Electric Motor Services in the past and they possess the unique capability to provide the essential pumps required by our district. The backup pump will serve as a critical resource in emergencies, should any of the pumps at stations 8, 10, or 18 encounter operational issues.

SUBJECT: AUTHORIZE THE PURCHASE OF NEW SHORING

**EQUIPMENT FOR TRENCHING** 

**DATE: JANUARY 9, 2025** 

FROM: SEWER DEPARTMENT

PRESENTATION: EMMANUEL RAMOS, GENERAL MANAGER

FOR FURTHER INFORMATION CONTACT: EMMANUEL RAMOS,

**GENERAL MANAGER** 

# **RECOMMENDATIONS:**

Staff recommends that the Board of Directors authorize the General Manager to proceed with the acquisition of the shoring. The shoring will be purchased from United Rentals in the amount of \$32,847.52.
